

Intertec Systems Leading the Way in Sustainable IT Solutions at COP28

Intertec Systems showcases ESG tools & decarbonization strategies at COP28, reinforcing their commitment to sustainable practices in the GCC.

DUBAI, UAE, December 20, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- After hosting a successful session on the importance of sustainability and [ESG reporting](#) earlier this year, Intertec systems participated in COP28 UAE - The 2023 United Nations Climate Change

Conference in partnership with Mashreq Bank on December 8, 2023, and effectively showcased ESG reporting tools and [decarbonization strategies](#) for organizations to tackle the pressing climate challenges that lay ahead.

“

Embracing sustainability is more than a responsibility—it's a pathway to substantial advantages, shaping a future where businesses thrive through responsible innovation.”

Venkatesan S, Director - EAM, IoT, and Sustainability, Intertec systems.

The insightful session delved into Intertec’s unique 3-pillar approach to sustainability and advanced solutions that can help organizations break down data silos along with GHG accounting and reporting. It was led by Venkatesan S., Director - EAM, IoT, and Sustainability, and Rakshit Dubey, Client Manager - Energy & Utilities at Intertec, who demonstrated how organizations can turn data insights into action and improve reduction initiatives to reduce their environmental impact. The discussion topics also included sustainable IT solutions, the data challenges associated with the adoption of GHG Reporting, and key sustainability initiatives for emission reduction within the context of COP28. Attendees received actionable insights

into innovative technologies and strategies to mitigate the existing challenges, aligning with the global focus on sustainable practices.

Intertec’s participation in COP28 exemplified its commitment to helping organizations in the GCC region drive successful sustainability initiatives, aligning their business practices with national

sustainability goals. The company also extended an invitation to attendees, industry professionals, and media representatives to join the session and engage in a meaningful dialogue about the crucial role of ESG reporting in fostering environmental responsibility.

“Embracing sustainability is more than a responsibility—it's a pathway to substantial advantages, shaping a future where businesses thrive through responsible innovation”, said Venkatesan S, Director - EAM, IoT, and Sustainability, Intertec systems. “At Intertec, sustainability isn't just a commitment; it's our visionary pursuit. Our collaboration with Mashreq at COP28 highlighted the straightforward steps guiding enterprises to their sustainability goals,” he added.
