This delightful Holiday film was a collaboration of Ed Asner, Yvette Rachelle and Bryan Stoller. Everyone's question is how did Ed Asner and Yvette Rachelle meet given their over 70 plus age difference? They met while being Spokesperson's for wildlife charity Defenders of Wildlife and an everlasting friendship formed by their love of saving wildlife and saving the planet. This film is a charitable contribution to highlight global warming and imperiled wildlife. One of the late Ed Asner's wishes for his 2nd favorite Elf as he had worked with Will Ferrell from the film "Elf" was his #1 favorite only because he was taller than Supermodel Yvette! The wish was to continue fighting for the Bison and Wolves. Yvette let out an adorably cute giggle just like her character Snowflake does in the film and said "If Ed only knew our movie was on the same Network as tv show Yellowstone. He probably would say move over Kevin Costner and make room on the show for Bisons and Wolves...Ed was always fighting for the underdog.
