Organic coffee is defined as coffee that is produced without the use of synthetic fertilizers or chemicals.

The main types of organic coffee are fair trade coffee, gourmet coffee, espresso coffee, and coffee pods. A Fair Trade-certified coffee is a coffee that has been audited throughout the supply chain to meet certain sustainability and labor standards. The origins of coffee are arabica and robusta. The various roasts are light, medium, and dark. The distribution channels of these products are supermarkets and hypermarkets, convenience stores, specialist retailers, and others, and the end-users are household and commercial.
