

# Affordable and Accredited HACCP Training Available Online at ehaccp.org

*ehaccp.org's HACCP training is accredited by the International HACCP Alliance, providing professionals with a globally recognized certification.*

LUNENBURG, NS, CANADA, December 29, 2023 /EINPresswire.com/ -- ehaccp.org, North America's top-rated [HACCP training](#) solution, is excited to announce the updated version of their online HACCP and food safety training portal. With a focus on affordability and accreditation, ehaccp.org offers a variety of different HACCP courses tailored to meet the needs of various industries.

As the best reviewed HACCP training solution in North America, eHACCP.org has established a reputation for providing high-quality and comprehensive training. Now, industry professionals can access this top-rated training conveniently online, making it more accessible than ever before.

One of the key advantages of ehaccp.org's online HACCP training portal is its affordability. With a cost of only \$199, professionals can receive accredited HACCP training without breaking the bank. This competitive pricing sets eHACCP.org apart from other training providers.

HACCP Seal

HACCP for Processors and Manufacturers

The online HACCP training offered by eHACCP.org is designed to be completed at each individual's own pace. With a total duration of 18 hours, professionals can fit the training into their busy schedules without feeling rushed. This self-paced approach allows for a more effective learning experience, ensuring that participants fully grasp the HACCP principles.

eHACCP.org's HACCP training is accredited by the International HACCP Alliance, providing professionals with a globally recognized certification. This accreditation ensures that the training meets the highest standards of quality and relevance, giving participants the confidence to apply their knowledge in real-world scenarios.

The range of HACCP courses offered by ehaccp.org caters to a variety of industries. Whether you work in food manufacturing, food processing, seafood production, meat and poultry processing, fresh produce, food storage and distribution, dairy production, or any other sector of the food industry, ehaccp.org has a course specifically designed to meet your needs.

“

This course was extremely informative, thorough, easy to follow & well-presented. There was no pressure to finish quickly, so for me that was a big plus especially if you have a busy work schedule.”
