

Southwest Pipe Services, Inc. Celebrates 20 Years of Excellence in Environmental Services

Southwest Pipe Services (HQ Alvin, TX) a leading environmental service company proudly announces its 20th year in business supporting Abatement of PCBs & ACM

ALVIN, TEXAS, USA, December 29, 2023 /EINPresswire.com/ -- Southwest Pipe Services, Inc. (SWP), a leading [environmental service company](#) specializing in the mechanical removal of pipe coatings, proudly announces its 20th year in business. Since its beginnings, SWP has been a trusted partner for clients in the oil and gas, petrochemical, and energy industries.

Southwest Pipe Services Your Pipeline Solutions for Environmental Remediation

“

We want to be your pipeline solutions for environmental remediation”

Joe Briers

Since its establishment in 2003, Southwest Pipe Services, Inc. (SWP) has become a reliable and innovative environmental service force. The company operates from its state-of-the-art facilities in and has pipe yards in Alvin, TX, and Winfield, KS. At these facilities, Southwest Pipe Services offers comprehensive services that include the mechanical removal of pipe coatings and the handling of regulated waste materials. Services include [Asbestos Containing Material \(ACM\) abatement](#) and [PCB](#)

[remediation](#), which removes Polychlorinated Biphenyls from pipe surfaces that have been removed from service.

One of SWP's key strengths lies in its ability to mobilize to clients' job sites or facilities, offering on-site cleaning services. This flexibility ensures that clients needing specialized environmental services can rely on SWP's expertise wherever they are located.

"Reaching the two-decade mark is a testament to our team's hard work, dedication, and expertise. We have evolved and adapted to the changing needs of our clients and the industry, consistently delivering top-notch environmental services. As we celebrate this milestone, we

express our gratitude to our clients, partners, and employees who have been instrumental in our success. Southwest Pipe Services remains committed to setting the highest environmental responsibility and customer satisfaction standards. We want to be your pipeline solutions for environmental remediation"

As Southwest Pipe Services celebrates two decades of success, the company remains committed to its core values of integrity, environmental stewardship, and client satisfaction. SWP looks forward to continued growth and serving its clients with the same dedication and professionalism that have defined the company for the past 20 years.

About Southwest Pipe Services, Inc.: Southwest Pipe Services (SWP) is a leading environmental solutions provider specializing in mechanical pipe coating removal. With operational facilities in Alvin, TX, and Winfield, KS, SWP offers versatile services to meet diverse client needs. Beyond facilities, SWP swiftly mobilizes to clients' job sites, delivering on-site cleaning services with high standards of quality and efficiency. Focused on regulated waste removal, SWP adheres to EPA specifications for materials such as asbestos and PCBs. The company's streamlined processes turn potential costs into gains by purchasing pipes post-cleaning. SWP also purchases and reclamation of surplus and uses take-up pipe, ensuring the highest quality standards. Dedicated to innovation and sustainability, Southwest Pipe Services, Inc. (SWP) contributes to a cleaner, more efficient future in the oil, gas, petrochemical, and energy industries.
