

# UFANDAO Launches New Languages on its Decentralized Fundraising Platform

*UFANDAO now supports German, English, Spanish, French, and Portuguese. This expansion aims to make dreams accessible globally.*

TALLINN, ESTONIA, December 30, 2023 /EINPresswire.com/ -- UFANDAO, the pioneering decentralized and mutual fundraising platform, proudly announces the expansion of its platform to include new languages. The latest update introduces German, English, Spanish, French, and Portuguese, reflecting UFANDAO's commitment to making dreams accessible to a global audience.

"Dreams should be international, therefore we added more languages, so now anybody can dream in English, German, Spanish, French, and even Portuguese. We don't stop here and aim at covering most spoken languages in the world," says Oleg Rodionov, CEO at UFANDAO.com.

As of December 29, UFANDAO users can experience the platform in their preferred language, fostering a truly inclusive environment. CEO Oleg Rodionov believes that the addition of these languages will attract a broader audience, making interaction with the platform more accessible.

UFANDAO has removed language barriers by introducing built-in translation for all dream campaigns on the website earlier this year. This feature, combined with the new platform languages, enhances communication between users across diverse linguistic backgrounds.

UFANDAO's commitment to accessibility extends beyond language support. The platform offers

24/7 support, making fundraising available and accessible day and night worldwide, supporting dreams ranging from travel and education to emergencies.
