

Sigma CVM Romania Announces Landmark Partnership with Amazone: Pioneers in Agricultural Innovation

Sigma CVM Romania and Amazone Join Forces to Shape the Future of Agriculture in Romania

BUCHAREST, ROMANIA, January 8, 2024 /EINPresswire.com/ -- [Sigma CVM Romania](#), a subsidiary of [Saracakis Group of Companies](#) and a leading player in the agricultural machinery sector, proudly unveils its partnership with [Amazone](#), a family-owned enterprise with 140 years of heritage and a legacy of excellence in farming solutions. This collaboration marks a new milestone for both companies.

Founded in 1883 by Mr. Heinrich Dreyer in Gaste, Germany, Amazone has continually upheld its founding principles while adapting to the evolving challenges in the agricultural landscape. Today, with four generations at the company's helm, Amazone stands as an epitome of innovation, sustainability, and international success. The company's journey commenced with the visionary motto of its founder, "We must go out into the world!" – a mantra that still echoes through its operations.

Amazone's relentless commitment to progress is evident in its persistent growth despite challenges like climate change, social responsibility, and the transformation of farming practices. Over 80% of the company's production is exported globally through a network of over 70 importers, reinforcing its global footprint and influence. In 2021 alone, Amazone reported a remarkable turnover of 655 million euros, a testament to its dedication to excellence.

The partnership between Sigma CVM Romania and Amazone combines their expertise and values to bring positive changes to the agricultural machinery scene, targeting the west and southwest areas of Romania. Sigma CVM Romania, a subsidiary of the esteemed Saracakis Group of Companies, shares a deep-rooted commitment to quality, innovation, and customer

satisfaction. This collaboration opens doors to new possibilities and solutions that will address the evolving needs of farmers and contribute to the advancement of sustainable agriculture.

Artemios Kotsiras, General Manager of Sigma CVM Romania, expressed his excitement about this partnership, stating, "We are thrilled to join hands with Amazone, a pioneer in the agricultural industry. This collaboration aligns seamlessly with our core values and commitment to providing innovative solutions to our customers, aiming to

create a more productive future for farmers in Romania, upholding our motto "We support Romanian farmers."

The comprehensive product range offered by Amazone, which includes soil tillage implements, seed drills, fertilizer spreaders, and crop protection equipment, will be integrated with Sigma CVM Romania's customer-focused approach and extensive industry knowledge. This integration will result in a product offering that brings together innovative technology and practical solutions to enhance agricultural productivity and environmental sustainability.

Amazone's legacy of heritage, innovation, and global impact, combined with Sigma CVM Romania's dedication to excellence, sets the stage for a partnership that will help farmers to overcome challenges and thrive in an ever-changing world.

About Sigma CVM Romania
