

UUNA TEK® Introduces iAuto Auto Feeding Pen Plotter for Bulk Writing

HONG KONG, HONG KONG, January 5, 2024 /EINPresswire.com/ -- UUNA TEK®, a distinguished innovator in the electronics industry, proudly announces the launch of the [iAuto Auto Feeding Pen Plotter Handwriting Machine](#) on December 29th, 2023. This unveiling marks a substantial advancement for professionals and creatives handling extensive writing and drawing tasks.

The iAuto automatic writing machine allows the capability to effortlessly manage up to 80 papers simultaneously, supporting SVG format and enabling free pre-made font uploads. This feature-rich machine facilitates unparalleled creativity, offering exclusive software, universal paper size compatibility, industrial-grade power, an automatic detection infrared device, wireless connectivity, and versatile pen support.

Expressing enthusiasm for this groundbreaking product, UUNA TEK® CEO Klaus Yang emphasized, "The iAuto automatic handwriting machine signifies a paradigm shift in bulk writing and drawing. Its innovative features not only streamline tasks but also empower users to unleash their creativity. At UUNA TEK®, we take pride in introducing a product that transcends mere functionality, embodying our commitment to pushing the boundaries of innovation in the electronics industry."

To enhance the creative experience, UUNA TEK® extends an exclusive offer for orders placed before January 6th. Utilize the code: PSRVIP during checkout to enjoy a substantial \$500 discount. [Seize this limited-time opportunity and purchase now here.](#)
