

Homatics Minibar 5.1: A Leader in Dolby Atmos Home Theater and Tuned by THX

Homatics, is an international smart home theater brand dedicated to providing music and movie lovers with immersive audio-visual entertainment experiences

LASVEGAS, NEVADA, US, January 8, 2024 /EINPresswire.com/ -- Homatics, an international smart home theater brand dedicated to providing music and movie lovers with immersive audio-visual entertainment

experiences, today announced it is

showcasing at CES2024 the Homatics Minibar 5.1 – the World's First Compact 5.1 Soundbar featuring Android TV OS, Dolby Atmos and Vision® compatibility, that will be meticulously Tuned by THX™. The minbar will be available in a number of configurations to meet Pay-TV subscribers'

“

With support for Dolby Atmos and Vision, the Minibar 5.1 will elevate your entertainment at home with incredible audiovisual experiences, helping you feel a deeper connection to the stories you love.”

Ashim Mathur, VP, Asia Pacific Marketing, Dolby

needs. It can be a standalone unit or be combined with Homatics Rear Speakers and Subwoofer for an enhanced 5.1 home theater experience. With this product, movie, music, and game lovers will enjoy Dolby Atmos cinema-grade entertainment. The minibar will also connect with smartphones, tablets, PCs, projectors, and XR headsets, offering a versatile entertainment experience in the comfort of your home.

“We are proud to work with top-tier industry partners, and we are committed to bringing tremendous premium content and the ultimate audiovisual experience to every home.” — James Wen, Co-Founder, Homatics

Homatics Minibar 5.1 scenrio

“We are pleased to announce this device will be expertly Tuned by THX when commercially available. For forty years, the THX mission has been to ensure consumers should have access to high fidelity audio and video experiences where and when they want to enjoy their content,” said Jason Fiber, chief executive officer, THX Ltd. “Working with Homatics on this product and others

with our Tuned by THX™ solution furthers this mission by empowering Pay-TV consumers to get home theater cinema-quality audio."

Key Features of Minibar 5.1

- Eco-Friendly, sleek, and compact design, just the half size of typical soundbars (600x135x78 mm, 2500g).
- Dolby Atmos immersive audio for multi-dimensional sound and Dolby Vision for visuals with incredible contrast, color, and detail.
- Android TV for providing tremendous premium 4K content and enabling Google Assistant.
- AI-Powered Sound EQ seamlessly delivers Dolby Atmos, intelligently matching sound effects to content, with the flexibility for personal customization.
- Tuned by THX for balanced, well-calibrated audio at all volumes.
- Features Wi-Fi 6 mesh technology for seamless wireless connectivity.

Top-tier Audiovisual Fusion:

The Homatics Minibar product bundle features an enhanced 5.1 channel setup, comprising a dedicated center

speaker for clear dialogue and excellent vocal clarity, four full-frequency speakers, and a built-in woofer for panoramic surround sound. Additionally, it includes rear speakers and a 40W/100W subwoofer. Powered by the Amlogic S905X4 chipset and equipped with Dolby Atmos, Dolby Audio, and eARC support, this system elevates the audio and visual experience, providing you with a smart home theater experience ranging from 155W to 215W (Homatics Minibar 85W, Rear speakers 30W, Subwoofer 40W/100W).

Homatics has independently developed an intelligent volume system that precisely controls acoustic volume, reproducing every detail in the audio. The Homatics environmental virtualization technology employs precise acoustic modeling, delivering a lifelike and immersive virtual surround sound. The Dynamic Range Control (DRC) restoration technology ensures an optimal listening experience, coupled with bass analysis technology for a powerful low-frequency impact. Additionally, our EQ features Intelligent Sound Effect Switching Technology, providing
