

# Dytech Group Celebrates Over 40 Years of Exceptional IT Services in Orlando

*Locally owned Orlando IT services company Dytech Group celebrates 40 years of empowering local businesses with customized technology solutions.*

ORLANDO, FLORIDA, UNITED STATES, January 9, 2024 /EINPresswire.com/ -- Dytech Group, a locally owned [IT services](#) company, is proud to announce that 2024 marks their 42nd anniversary of providing exceptional [IT support](#) and services to businesses across the Orlando area. Since 1982, Dytech Group has established itself as a leading provider of IT solutions that boost efficiency, productivity, and growth for organizations of all sizes.

Dytech Group offers Managed IT Services

“We’re thrilled to be celebrating four decades of fueling the technology needs of Orlando’s vibrant business community,” said Laurel Fuller, owner of Dytech Group. “When my Dad first opened our doors, the concept of ‘information technology services’ was still relatively new. But he knew that investing in IT would be critical for businesses, and we’re proud to have evolved and grown alongside Orlando’s enterprises as their technology needs have advanced over the years.”

“

As a local company ourselves, we understand firsthand the unique needs and tight budgets of businesses in this area. Our mission to provide customized technology support at an exceptional value.”

*Laurel Full - Owner*

Starting off over 40 years ago as a two-person operation offering basic computer and network installation services, Dytech Group now boasts a talented team of over 12 highly skilled IT professionals and an impressive portfolio of services. Core offerings include managed IT services, cloud computing solutions, cybersecurity services, backup and disaster recovery, IT support and maintenance, server

and network management, and more.

“From safeguarding critical systems and data to optimizing efficiency with cutting-edge cloud platforms, our customized technology solutions empower Orlando organizations to reach their goals,” explained Fuller. “And as a local company ourselves, we understand firsthand the unique needs and tight budgets of businesses in this area. We make it our mission to provide customized technology support at an exceptional value.”

Dytech Group is also proud to maintain long-term partnerships with many prominent Orlando companies who have entrusted them as their technology provider since the early days. Dytech Group attributes these enduring relationships to their commitment to understanding each client’s specific business needs, providing responsive 24/7 support, and building personalized managed service plans within their budget.

To ensure they continue meeting Orlando’s growing and changing technology landscape for another 40 successful years, Dytech Group makes significant reinvestments into the expertise of their team each year—covering training, professional development and certification costs for new and current employees. “Our people are everything. They’re the ones that translate our decades of IT expertise into tangible value for local businesses every single day,” said Fuller.

“We’re so grateful for the many clients who have made our 40-year journey possible through their continued trust and support,” she continued. “As Orlando’s preeminent local provider of IT services and solutions, we look forward to empowering even more businesses with the technology they need to propel their success both today and for the next 40 years to come!”

Dytech Group is inviting Orlando business owners interested in learning more about their four decades of award-winning IT services to call 407.678.8300 or visit [dytech.com](https://dytech.com) to schedule a free consultation and security assessment.
