Ms Surapa Jamjang, Managing Director of Greenpro KSP Holding Group, stated, "In today's environment, digital transformation is essential for all strategic plans of organisations. We are proud to be associated with AsiaFIN and its OrangeWorkforce RPA product, aiming to help Thai and Laos customers transform repetitive tasks into faster and more convenient processes, leading to increased efficiency and productivity, as well as reduced costs."

With 28 years of professional performance, Greenpro KSP Holding Group anticipate significant growth in Thailand and Laos. "These technologies can adapt to various business types and enhance operational processes, reflects the increasing adoption of digital solutions in the business sector across Southeast Asia." Ms Surapa added.

"We are thrilled to contribute to the digital transformation in Thailand and Laos with diverse range of products," commented Mr Prapakorn Saokliew, Director of Greenpro KSP Holding Group.

"We are thrilled to partner GreenPro KSP in this new venture as they are a market leader in the accounting and professional services sector. We hope to strengthen our position in Thailand with this joint venture and grow in the new market of Laos, increasing our presence in Asia to 9 countries," said Mr KC Wong, CEO of AsiaFIN. "Thailand and Laos with its unique culture is a strategic market for us. We foresee a significant market for automation and digitalization in these countries."

The joint venture marks a significant milestone for both companies, symbolizing their commitment to fostering digital innovation and driving business growth in the Southeast Asian region.
