

US Navy Veterans Mesothelioma Advocate Urges the Family of a Navy Veteran Who Has Mesothelioma and Who Worked in a Ship's Engine Room to Call About Compensation- And Direct Access to the Nation's Top Lawyers for Results

WASHINGTON, DC, USA, January 10, 2024 /EINPresswire.com/ -- According to the US Navy Veterans Mesothelioma Advocate, "If your husband or dad is a Navy Veteran who has just been diagnosed with mesothelioma anywhere in the USA and is job in the navy was maintaining, or repairing equipment in a ship's engine room-please call us at 866-714-6466. We don't want to get you just an attorney---we want to make certain you are talking directly with some of the nation's top mesothelioma attorneys. We are advocates for Navy Veterans who have developed mesothelioma, and we want people like this to receive the best compensation results.

"Mesothelioma compensation for a Navy Veteran who has now developed mesothelioma and who worked-maintained a ship's engine room might be millions of dollars. A Navy Veteran who was assigned to or maintained a ship's engine room probably had more asbestos exposure than most other sailors on the ship. If a person like this with mesothelioma would call us at 866-714-6466, we will make certain they are talking directly with the nation's most capable mesothelioma attorneys. A Navy Veteran like this deserves no less." <https://USNavyMesothelioma.Com>

Suggestions from the US Navy Veterans Mesothelioma Advocate for Veterans with mesothelioma nationwide on how to increase potential financial compensation:

*"Do you recall the specifics of how you were exposed to asbestos at work, in the military or

both-and when this exposure occurred? This is incredibly important information.

*"Do you recall the names of shipmates-coworkers who might have witnessed your exposure to asbestos?"

*"Did you have more than one job in the navy-armed forces where you might have been exposed to asbestos?"

*"Do your medical records include a biopsy that confirms the mesothelioma or asbestos exposure lung cancer?"

*"Has your loved one's doctor told you that mesothelioma is a distinct possibility-but because they are so sick-weak-a biopsy to confirm the mesothelioma is not possible? If this is your loved one, please call us at 866-714-6466."

Important Note: "If your loved one died from confirmed mesothelioma in the United States within the last two years and the compensation process was never begun because of COVID or other reasons-please call us at 866-714-6466. We would be honored to help." [https:// USNavyMesothelioma.Com](https://USNavyMesothelioma.Com)
