

byAir – Companion At Airports

An airport as a city has its own infrastructure and rules. Knowing them makes planning your trip easier. byAir is a mobile assistant in the world of airports.

BARCELONA, SPAIN, January 13, 2024 /EINPresswire.com/ -- BYAIRAPP S.L., a mobile technology provider, introduces the byAir mobile application, a travel companion designed to simplify and enhance your journey. An unwavering commitment to practicality is reflected in the multitude of features that are seamlessly woven into the journey. In particular:

Real-time Flight Tracking: Stay informed with timely notifications for boarding changes, delays, and cancellations, keeping you connected to your travel plans.

Interactive Airport Maps: Navigate airports with ease, guided by clear directions to key areas such as check-in counters, security checkpoints, gates, and more.

Airport Timetable: Stay up-to-date on departing and arriving flights at major airports, ensuring you're always aware of the latest schedule.

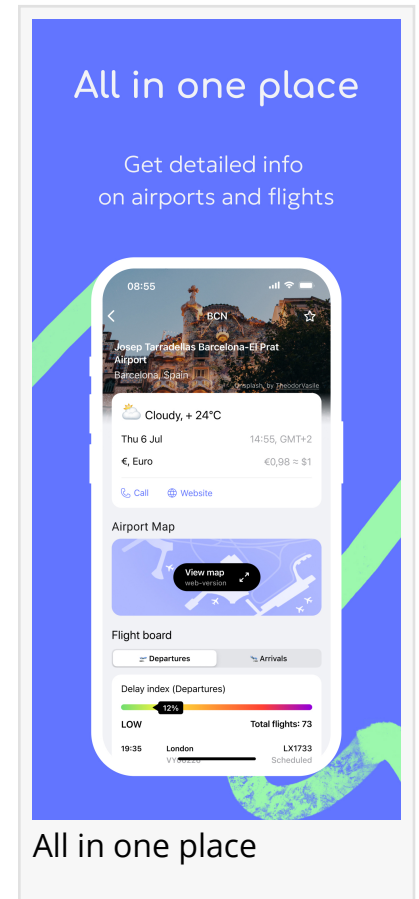

Transport Information: Access reliable public transport recommendations and effortlessly book a taxi for a seamless journey to or from the airport.

Unique Features: Share your flight details with ease, connecting with family and friends smoothly as you embark on your travels.

The byAir app is available for free download on both iOS and Android devices. Download now and experience the difference: travel simplified.

"We are delighted to introduce the byAir application to the market," said Maxim Mamedov, CEO. "This app will empower passengers worldwide to navigate airports efficiently and seamlessly."
