

“Who Was Michael King?” — Ex Wall Street Quant to Honor Martin Luther King Jr in New Documentary About Economic Justice

Michael King is the birth name of Martin Luther King Jr. It is the name on his birth certificate – and it was never legally changed.

MALIBU, CALIFORNIA, USA, January 13, 2024 /EINPresswire.com/ -- A [GoFundMe](#) campaign has been established to fund a full-feature documentary about the second most amazing fact you still do not know about Martin Luther King Jr.

Michael King – Some Things Have Been Hidden Too Long

Historical Background: During a pilgrimage in 1934, Michael King Sr (father King) traveled to Germany where he was influenced by the founder of the Baptist sect of the Protestant Church (Martin Luther 1483-1546) so much that he (father King) changed his name from Michael King Sr to Martin Luther King Sr. When he returned to the US he renamed his son, 5-year-old Michael, to Martin Luther King Jr. Neither of their names were legally changed. (Martin Luther King III is the only legally named MLK.)

“

February 1968 – MLK “The economic problem is the most serious problem.”

January 2024 – KR “The Solution is real, it is an exact science, and it is long overdue.”

While some of you may be among the very few who know this fact, there is another truly amazing fact about Martin Luther King Jr that remains hidden, and it is life-changing for you at this very moment. Had MLK not been slain, your life, today, would be vastly improved — financially. The documentary will pick up on the unknown greatness of MLK– the one that caused him to be assassinated...

Ex-Wall Street Quant, Kaveh Roshan (aka Robin Hood), will produce this documentary to chronologize how he discovered MLK’s birth name. The revelation is going to change your life. It has nothing to do with history or addressing societal ills. It has to

do with economics and, more specifically, your financial solidarity.

About Kaveh Roshan: Tactical SME (Subject Matter Expert) in Financial Engineering. Like most engineers, Kaveh Roshan is a 'problem solver' and for the past 20+ years, he has been working on 'Reverse-Engineering Economic Deprivation.'

KR – “When my journey began, I would research the topic: “Economic Deprivation” and MLK’s name would always come up. At first I was confused: “Why would a civil-rights leader be listed in search results about an obscure, modern economic term?!” so I incorrectly dismissed the search results as inaccurate or irrelevant.” ... “However, after repeated research where MLK was constantly named, I read a buried statement he made that instantly changed my life forever. Upon reading his statement, I knew that MLK was not only a great civil-rights leader, but an even greater economist. As I began to intensely study Martin Luther King Jr as a fellow economist; I would later learn the name on his birth certificate read: Michael King”

Who Was Michael King? – the documentary will honor MLK as an economist who was truly ahead of his time. The film will emphasize that true equality cannot be achieved as long as economic deprivation exists. The film will also explore a working theory that MLK was assassinated for advancing the solution for financial solidarity by persons who legally profit from inequality and injustice.

Additionally, the film will resume in the year 2001, when Kaveh Roshan picked up the torch of Martin Luther King Jr, and today has finished what MLK started –a clear path for any individual to achieve true equality– financial independence.

Supporters of the GoFundMe campaign will receive:

- VIP access to the screening or initial theatrical release of the documentary
- Lifetime personal streaming access
- Optional (opt-in) film credit
- Invitation to editorial focus group
- First preview of the film’s trailer before general release
- The Solution — from a zero conflict-of-interest benefactor of The Lichello Financial Leadership Foundation¹
