BOCHUM, GERMANY, January 15, 2024 /EINPresswire.com/ -- Timmy Lorenz is a 37 year old musician (vocalist, instrumentalist, arranger and producer) living in Bochum, Western Germany.

He has progressed mainly as a lead singer through different bands, constellations and studio projects of progressive, rock, funky psychedelic, experimental & fusion, jazzy and even metal and of the electronic soundscape orbit. Timmy's influences travel through music history, but are mainly centred around 70's to 90's.

Timmy has gathered stage experience whilst opening for many renowned artists, and is also no stranger to theatre / acting and event management.

Since the Covid-19 period, he has re-activated his studio recording project which has been in progress for some years, but received a fresh "breeze"

with the release of the aptly-named track "Breeze" earlier this year. It pushed him to finalise his 38-minute, 6-track EP called "Hell Within" which is out now, and a full album will follow shortly.
