Suggestions from the Mesothelioma Compensation Center for people with mesothelioma nationwide on how to increase potential financial compensation:

*"Do you recall the specifics of how you were exposed to asbestos at work, in the military or both-and when this exposure occurred? This is incredibly important information.

* "Do you recall the names of coworkers who might have witnessed your exposure to asbestos? An eyewitness to your asbestos exposure might increase your compensation.

*"Did you have more than one job where you might have been exposed to asbestos on the job?
