Michael Landry, General Manager of Storage Operations in Western Canada, noted, "We are excited to rebrand and add another facility to our property lineup in Innisfail, Alberta. As we rebrand the facility, we are working to ensure no significant disruptions in business operations and company policies by keeping the transition as smooth as possible for current, returning, and new customers."

With the Innisfail Self Storage & RV Parking addition, Make Space Storage plans to continue to provide its customers with the ability to book, request a quote, and reserve their storage unit, parking spaces and packing supplies online while still experiencing outstanding customer services as well as a warm and welcoming atmosphere.
