

AI Web3 App AGII to Join Chat GPT App Store

AGII Breaks New Ground: Web3 AI Pioneer Joins ChatGPT App Store, Expanding Access to Advanced AI Solutions

LONDON, UK, January 16, 2024 /EINPresswire.com/ -- [AGII](https://agii.app), the AI Web3 platform, is set to join the ChatGPT App Store, offering users enhanced access to its powerful AI solutions. As a participant in the evolving ChatGPT App Store, AGII aims to provide a seamless experience for users seeking innovative AI applications.

Empower your creativity with AGII – your AI Web3 companion

In just two months since OpenAI allowed developers to create their custom chatbots, known as "GPTs," over three million GPTs have been created. AGII, a standout in the Web3 AI space, is now set to expand its reach by joining the ChatGPT App Store.

“

AGII's entry into the ChatGPT App Store is a milestone in our mission to democratize AI. We're dedicated to providing advanced AI solutions to all, and the App Store aligns perfectly with this vision.”

J. King Kasr, CEO at Kaj Labs

The AGII AI platform offers a diverse set of AI generators, including an AI Text Generator, AI Image Generator, AI Code Generator, AI ChatBot, AI Speech to Text, and AI Voiceover. Additionally, AGII provides an array of tools to enhance user experience and productivity, such as a smart installation wizard, one-click update, mobile-first design, chatbot training, custom chatbots, and more.

With the launch of the ChatGPT App Store, AGII aims to provide users with even more accessibility to its powerful AI solutions. The store features a community leaderboard

and curation efforts, showcasing useful and impactful GPTs across various categories. AGII's presence in the store will further enhance the options available to users seeking AI solutions for diverse applications.

As the ChatGPT App Store evolves, AGII looks forward to making a valuable contribution to the AI landscape. Stay tuned for AGII's presence on the ChatGPT App Store, bringing practical AI

solutions to users, developers, and businesses.
