For those with new puppies, the Online Puppy Makeover Course provides a structured, in-depth program to help puppy owners through every step of puppy training, from basic obedience to identifying and addressing specific behavioral issues early on.

This online puppy training is not just about teaching commands and corrections; it's about building a lasting, valued relationship between an owner and their dog. It tackles common issues like leash pulling, ignoring commands, and inappropriate barking or jumping, turning problematic behaviors into past anecdotes.
