

Harbour Village Beach Club Named Hotel of the Year

Luxury Bonaire boutique resort honored by the Caribbean Travel Awards

SOUTH ELGIN, IL, UNITED STATES, January 17, 2024 /EINPresswire.com/ -- Harbour Village Beach Club is honored to be named Hotel of the Year by the prestigious Caribbean Travel Awards. For 10 years the Caribbean Journal has celebrated the best in Caribbean travel with this regional award program.

The judges chose the 40-room Harbour Village Beach Club as the Hotel of the Year due to its tranquility, unrivaled service, private beach and a general feeling that you never want to leave.

"We're thrilled to be named the Caribbean's top hotel," said Jessica Gonzalez, VP of Hotel Operations at Harbour Village Beach Club. "Everyone on our staff is committed to providing an outstanding holiday for our guests, and the resort itself is a unique getaway that lets people relax, reconnect and rejuvenate."

The luxurious oasis is surrounded by a picturesque harbor, palm trees, and a beautiful stretch of white sand beach for the exclusive enjoyment of its guests. The resort distinguishes itself by providing an elevated level of service, from dive valet service at the onsite dive and watersports operator, to private dining by torch light on the beach, to customized aromatherapy massage next to the spa cascade pool.

Located outside of the hurricane zone, Bonaire enjoys year-round perfect weather and delivers unspoiled beauty for travelers seeking privacy, seclusion and off-the-grid adventures. With direct flights from several major American cities, getting to the island is uncomplicated.

About Bonaire

Located eighty-six miles east of Aruba, the island of Bonaire offers year-round sunshine, low annual rainfall, and has been designated as having the most pristine coral reef environment and most species of fish in the Caribbean by the National Oceanic & Atmospheric Administration. The Reef Environmental Education Foundation lists eight out of almost 90 of Bonaire's dive sites in their top 10 in terms of species richness in the Caribbean -- abundant underwater life includes more than 300 species of tropical fish and over 120 different types of coral. The island was recently voted #1 in the Caribbean & Atlantic by readers of Scuba Diving magazine in categories that include Best Shore Diving (Snorkeling); Best Beginner Diving; Best Macro Diving; Best Advanced Diving, and Best Underwater Photography. Bonaire is able to maintain this environment and receive awards for diving year after year because its surrounding waters have been protected as the Bonaire National Marine Park for over 30 years.
