The year is 1979. A drug dealer and convicted felon tells the story of a drug raid on his house during which he claims money was stolen by the cops to a local TV investigative reporter. For the first time in twenty years, the cop is charged. Will the cop be convicted? How many lines will be crossed before they get to the truth? Among so many unscrupulous characters, who can be trusted? Will the truth remain hidden, or will justice prevail?

The reviews are in, “Crossing the Lines” is an authentic tale that brings to life the timeless and resonating theme of police corruption: “This is a book based on a real case. The author was part of an investigative team who uncovered police corruption in the drug unit. The brazenness of the cops was so out there. As a former reporter who worked on similar cases, this novel rings with authenticity. If ever a book would make a great movie. Hello, Hollywood!” says Ron Gollobin, Reporter. Readers will follow reporter Carly as she works to uncover the truth and discovers that to get the story, sometimes you must cross a few lines. “This is unputdownable, riveting fiction with a heavy dose of gritty Boston characters: a scheming drug dealer, a crooked cop, and a relentless investigative reporter who will stop at nothing to get the story out,” says [Walter V.
