The grant also includes access to a mentor's program that connects startups with dozens of Microsoft advisers, providing unlimited 1:1 meetings for guidance on technology, artificial intelligence, business strategy, and marketing.

"This is an incredible opportunity, and couldn't come at a better time," said SentencingStats.com Chief Executive Officer, Darren Kramer. "This grant will enable us to accelerate our roadmap, expand our data warehouse, fully automate our API, and empower half a dozen artificial intelligence initiatives."

Not only will the grant advance Sentencing Stats' technical and strategic goals, it will also support a long-planned social justice program, aimed at quantifying bias in the court system.
