CHICAGO, ILLINOIS, USA, January 21, 2024 /EINPresswire.com/ -- Renowned criminologist, best-selling author, and commentator, [Dr. Scott Bonn](#), is set to unravel the mysteries of the criminal mind in his thrilling one-man theatrical event, "Why We Love Serial Killers." Taking place on Thursday, April 11, 2024, at City Winery in Chicago, this captivating show promises to explore the frightening minds and desires of serial killers and the public's fascination with them.

Dr. Bonn is a best-selling author, professor, and public speaker, and he has interacted with such notorious serial killers as Dennis Rader ("Bind, Torture Kill") and David Berkowitz ("Son of Sam"). He shares shocking tales from his actual experiences with these killers. Dr. Bonn also developed a profile of the unknown "Long Island Serial Killer" in 2011 that matches the alleged perpetrator, Rex Heuermann, perfectly. He shares the secrets of how he was able to predict the psychological and behavioral makeup of the Long Island Serial Killer with incredible precision.

With a background as a criminologist and professor, and having profiled, corresponded with, and interviewed some of the most infamous killers of all time, Dr. Scott Bonn is on a mission to inform, shock, thrill, and entertain. His live show offers a unique opportunity to delve into the psyche of serial killers and understand the magnetic attraction they hold for true crime fans, particularly women.

"Why We Love Serial Killers" provides a 90-minute immersive experience, where Dr. Bonn shares shocking tales from his encounters with serial killers and delves into the psychological and behavioral makeup of these notorious criminals. The show also features a dynamic Q&A session, allowing the audience to ask burning questions about serial killers and true crime.

Dr. Bonn reveals the insatiable, psychological hunger that drives the likes of Ted Bundy and Jeffrey Dahmer to kill repeatedly with impunity and no remorse. He explains why the majority of serial killers are either psychopaths or sociopaths, how the two differ, and the powerful influences of nature and nurture on the development of fledgling serial killers. Dr. Bonn reveals that every serial killer is compelled by a unique fantasy need and he also explains how/why serial killers can successfully avoid apprehension, blend into a crowd, and become invisible.
