

# Automotive Driver Monitoring System (DMS) Market is growing at a CAGR of 11.3 % from 2024 to 2030

*The Exactitude Consultancy Automotive Driver Monitoring System (DMS) Global Market Report – Market Size, Trends, And Global Forecast 2024-2030*

LUTON, BEDFORDSHIRE, UNITED KINGDOM, January 22, 2024

/EINPresswire.com/ -- \*\*\*\*Everything You Need to Know About [Automotive Driver Monitoring System \(DMS\)](#) everything is Here....!

The Comprehensive study on Automotive Driver Monitoring System (DMS) Market includes historical data as well as share, size, and projection information for the major players, geographies, applications, and product categories for the years 2023 to 2030. The Market study includes comprehensive insights on the competitive environment, description, broad product portfolio of key players, SWOT analysis, and significant business strategy implemented by rivals, revenue, Porters Five Forces Analysis, and sales projections. The report also features an impact analysis of the market dynamics, highlighting the factors currently driving and limiting market growth, and the impact they could have on the short, medium, and long-term outlook. The main goal of the paper is to further illustrate how the latest scenario, the economic slowdown, and war events affect the market for Automotive Driver Monitoring System (DMS).

“

Growing demand for Automotive Driver Monitoring Systems (DMS) is fueled by rising safety concerns, regulatory mandates, and the increasing integration of advanced driver-assistance features.”

*Exactitude Consultancy*

Automotive Driver Monitoring System (DMS) Market is growing at a +11.3% CAGR during the forecast period 2023-

2030. The increasing interest of the individuals in this industry is that the major reason for the expansion of this market.

The Top Key Players profiled in the report:

Aisin Seiki, Autoliv, Continental AG, Delphi Automotive PLC, Denso Corporation, Faurecia SA, Ford Motor Co., Jabil Inc., Magna International, Nissan Motor Co., Omron Corporation, Robert Bosch GmbH, Seering Machines, Smart Eye, Subaru (Aust) Pty Ltd., Sumitomo Riko Company Ltd., Tobii, Valeo, Visteon Corporation.

Recent Development:

January 15, 2024 – Jabil Inc. (NYSE: JBL) today announced enhanced digital commerce capabilities, encompassing the design, development, and manufacturing of retail and warehouse automation solutions, at a newly expanded centre of excellence in Chihuahua, Mexico.

June 10, 2023 – Nissan Motor India Pvt. Ltd. (NMIPL) today announced the expansion of its network in Gujarat with the launch of two new customer touchpoints, for sales and service, in Rajkot, Gujarat.

Automotive Driver Monitoring System (DMS) Market Segmentation:

Segments Covered in the Automotive Driver Monitoring System (DMS) Market Report

Automotive Driver Monitoring System (DMS) Market by Material Type

Image sensors/cameras

Pressure mats

Infrared sensors

Strain gauges

Steering angle sensors

Automotive Driver Monitoring System (DMS) Market by Component

Software

Hardware

Automotive Driver Monitoring System (DMS) Market by Region

North America

Europe

Asia Pacific

South America

Middle East and Africa

Based on geography, the global market for Automotive Driver Monitoring System (DMS) and Disruptions has been segmented as follows:

North America has long been dominant in the automotive driver monitoring system (DMS) market. The region's importance can be attributed to several factors that, when combined, promote the broad use of DMS technology. Strict safety regulations and a boom in' automotive industry have been major forces behind the demand for advanced driver-assistance systems, like DMS, in countries like the US and Canada. In the North American market, safety technology is well accepted and understood by the public, which has led to automakers incorporating DMS as a standard or optional feature in a variety of vehicles. The region's emphasis on R&D, the presence of major technological companies, and other factors all contribute to the advancement and invention of DMS technology.

Strategic Points Covered in Automotive Driver Monitoring System (DMS) Market Directory:

To study and analyze the global market size (value & volume) by company, key regions/countries, products and application, history data, and forecast to 2030.

To understand the structure of market by identifying its various sub segments.

To share detailed information about the key factors influencing the growth of the market (growth potential, opportunities, drivers, industry-specific challenges and risks).

Focuses on the key global manufacturers, to define, describe and analyze the sales volume, value, market share, market competition landscape, SWOT analysis and development plans in next few years.

To analyze the growth trends, future prospects, and their contribution to the total market.

To project the value and volume of submarkets, with respect to key regions (along with their respective key countries).

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.

The report provides insights on the following pointers:

**Market Penetration:** Comprehensive information on the product portfolios of the top players in the Automotive Driver Monitoring System (DMS)

**Product Development/Innovation:** Detailed insights on the upcoming technologies, R&D activities, and product launches in the market.

**Competitive Assessment:** In-depth assessment of the Automotive Driver Monitoring System (DMS) market strategies, geographic and business segments of the leading players in the market.

**Market Development:** Comprehensive information about emerging markets. This report analyzes the market for various segments across geographies.

**Market Diversification:** Exhaustive information about new products, untapped geographies, recent developments, and investments in the Automotive Driver Monitoring System (DMS)

Some of the key questions scrutinized in the study are:

Which companies are expanding litanies of products with the aim to diversify product portfolio?

Which companies have drifted away from their core competencies and how have those impacted the strategic landscape of the Automotive Driver Monitoring System (DMS) market?

Which companies have expanded their horizons by engaging in long-term societal considerations?

Which firms have bucked the pandemic trend and what frameworks they adopted to stay resilient?

What are the marketing programs for some of the recent product launches?
