

# Free Online Tax Filing for 2024 Now Available: Free for Simple Returns

*Taxpayers in the United States can now enjoy the convenience of filing their taxes online for free in 2024.*

TRAVERSE CITY, MI, US, January 22, 2024 /EINPresswire.com/ -- Taxpayers in the United States can now enjoy the convenience of filing their taxes online for free in 2024. The move comes as part of a wider effort by the Internal Revenue Service (IRS) to simplify the tax filing process for millions of Americans.

[One of the key highlights of free tax filing 2024 online](#) is that it is completely free for eligible taxpayers. This means that individuals with an adjusted gross income of \$79,000 or less can now file their federal tax returns through IRS Free File, a partnership between the IRS and private tax preparation companies.

In addition to being free, filing taxes online also offers a number of other benefits. For one, it is faster and more convenient than traditional paper filing. Taxpayers can submit their returns from the comfort of their own homes, and they can do so at any time of the day or night.

Another benefit of online tax filing is that it is more accurate. The software used by tax

preparation companies is designed to catch errors and omissions, which can help taxpayers avoid costly mistakes. And because the IRS receives the returns electronically, there is less chance of them getting lost in the mail.

[Taxpayers who are interested in filing their taxes online for free in 2024](#) can visit the IRS website to learn more. The site offers a wealth of information about the Free File program, including eligibility requirements, available software options, and step-by-step instructions for getting started.

Get a W2 Faster Online

"Free tax filing 2024 online is a game-changer for millions of Americans," said IRS Commissioner Chuck Rettig. "By making it easier and more affordable to file taxes, we are empowering taxpayers to take control of their financial futures."

The IRS is also encouraging taxpayers to take advantage of other online resources, such as the "Where's My Refund?" tool, which allows taxpayers to track the status of their refunds. Additionally, the IRS offers a range of online payment options, making it easier for taxpayers to pay their taxes on time and avoid penalties.

Overall, [free tax filing 2024 online is a welcome development for taxpayers](#) in the United States. By simplifying and streamlining the tax filing process, the IRS is helping to ease the burden on millions of Americans and make it easier for them to achieve their financial goals.
