Tax Refunds in 2024

IRS has made this change to simplify the tax filing process and reduce errors.

Taxpayers who are expecting a refund may want to consider using the IRS's "Where's My Refund?" tool to track the status of their refund. This tool is available on the IRS website and provides taxpayers with the most up-to-date information on their refund status.

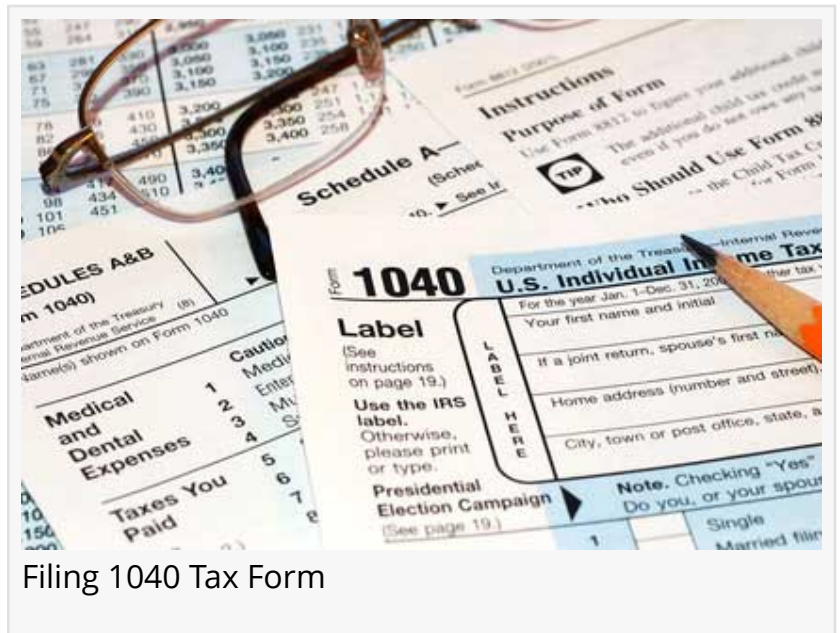

In addition, taxpayers who owe taxes may want to consider setting up a payment plan with the IRS. This will allow them to pay their taxes over a period of time instead of all at once. Taxpayers can apply for a payment plan using the IRS's Online Payment Agreement tool.

The IRS is also reminding taxpayers to be aware of scams during the tax season. Scammers often pose as the IRS and attempt to steal taxpayers' personal and financial information. Taxpayers should be cautious when receiving unsolicited phone calls, emails, or text messages claiming to be from the IRS.
