“

As the owner of ETA Track Plus, I'm proud of eLogs Plus – an ELD solution providing efficiency, safety, and cost-effectiveness for trucking operations since 2017.”

*Randy Safford*

ETA Track Plus is thrilled to announce the introduction of eLogs Plus, a groundbreaking solution that has been serving the industry since 2017. A state-of-the-art Electronic Logging Device (ELD) solution tailored for the vibrant trucking operations in Los Angeles, California.

In response to the California Code of Regulations (CCR), Section 1213(a)(1), which mandates the use of Electronic Logging Devices (ELD) for intrastate motor carriers and

drivers in California effective January 1, 2024, ETA Track Plus proudly presents eLogs Plus. This cutting-edge solution ensures seamless compliance with FMCSA regulations, offering a cost-effective and efficient way for trucking operations to manage and streamline their activities.

As the trucking industry in California adheres to distinct and crucial regulations, our specialized solutions cater to the intricate landscape of California Hours of Service (HOS). Designed to meet the unique needs of the region, our system ensures meticulous recording and compliance with

California Driver logs, addressing the nuances of the state's HOS rules. From accurate tracking of driving hours to compliance with specific regulations governing rest breaks, the comprehensive approach ensures fleets operate seamlessly within the framework of California's HOS requirements. This promotes efficiency, adherence to the law, and enhanced safety on the roads.

Simplifying trucking operations is achieved through the advanced [Truck Driver Log Book](#) solution, ensuring accurate and compliant recording of driver activities. Fleet record-keeping is simplified and enhanced with the Driver Logs solution, encompassing tracking of driving hours, duty status, and rest breaks, ensuring accuracy and compliance with industry regulations.

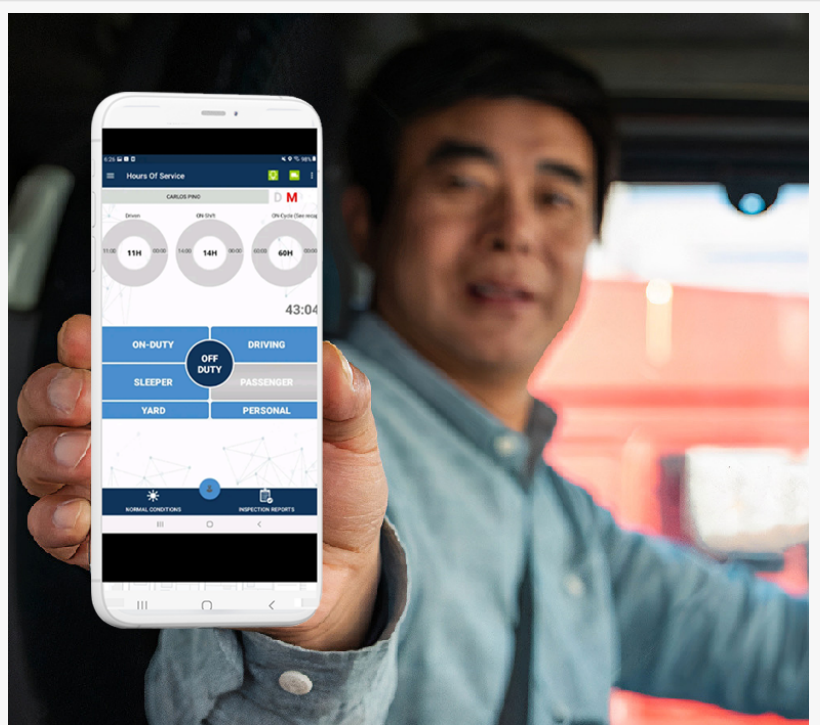

#### FMCSA Compliant ELD

eLogs Plus by ETA Track Plus is not just an ELD; it's a comprehensive solution designed to meet the unique needs of trucking operations in Oakland, California. Priced affordably at just \$19.99 a month, eLogs Plus includes Electronic Control Module (ECM) Hardware with no additional hardware costs, setting it apart as a reliable and budget-friendly choice for fleets of any size.

Navigate seamlessly through FMCSA HOS regulations with our comprehensive solutions. Stay compliant, enhance safety, and simplify fleet management with our expertly designed tools.

#### Key Features:

**FMCSA Compliance:** Our ELD ensures full compliance with FMCSA regulations, guaranteeing adherence to California hours of service (HOS) regulations.

An ELD solution for trucking operations since 2017

Call 877.843.4770 x1 to get started.

**No Hardware Cost:** With eLogs Plus, there are no hidden hardware costs. The Electronic Control Module (ECM) Hardware is included, making it a cost-effective solution for a trucking fleet.

**Lifetime Warranty:** We stand behind the quality of our product with a lifetime warranty, providing peace of mind for the investment.

Adhering to Commercial Driver Hours regulations is paramount for the safety and well-being of drivers and the public. Our solutions provide essential tools to ensure compliance and safe driving practices within the framework of industry regulations.

### Effortless Setup and Operation

eLogs Plus offers a lightning-fast setup with a plug-and-play feature, eliminating the need for special installations. This user-friendly solution ensures that the ELD system is up and running seamlessly, allowing companies to focus on their trucking operations.

### Digital Compliance with California HOS Rules

eLogs Plus is specifically tailored to meet California HOS rules and regulations. It replaces traditional logbooks with a digital system that brings efficiency and precision to the tracking of drivers' activities.

### Advantages of eLogs Plus:

**Improved Accuracy:** The system ensures accurate recording of driving time, on-duty time, off-duty time, and rest breaks.

**Reduced Paperwork:** Say goodbye to traditional logbooks and embrace a paperless solution that streamlines driver's record-keeping.

**Real-time Tracking:** Utilizing GPS technology, eLogs Plus provides real-time tracking for vehicles, aiding in accurate calculation of driving time and location.

### Enhancing Safety and Preventing Fatigue

Understanding the importance of adhering to Hours of Service (HOS) regulations, eLogs Plus is designed to assist truck drivers in complying with commercial driver hours regulations. It helps prevent fatigue-related incidents and ensures the safety of both drivers and the public.

### Additional Features:

**Data Accessibility:** Both drivers and law enforcement authorities have access to data stored on eLogs Plus, facilitating verification of compliance with HOS regulations.

Automated Recording: The system automatically records and categorizes a driver's activities, switching between driving, on-duty, and off-duty status based on vehicle movement.

Alerts and Warnings: eLogs Plus provides alerts and warnings to drivers approaching their maximum allowable driving time, ensuring legal limits are maintained.

## FMCSA Mandate and Market Entry

It is important to note that the mandate for Electronic Logging Devices (ELD) was initiated by the Federal Motor Carrier Safety Administration (FMCSA) in December 2017. eLogs, certified and entering the market in September 2017, emerged as a pioneering solution ahead of the regulatory deadline, showcasing our commitment to providing advanced and compliant ELD solutions.

## Why Choose eLogs Plus?

eLogs Plus provides a user-friendly platform that is simple to use yet powerful enough for fleets of any size. Discover the advantages of our eLog system, including enhanced accuracy, reduced paperwork, real-time tracking, and automated recording. Ensure compliance with HOS regulations, prevent fatigue-related incidents, and optimizing fleet management for increased efficiency and safety is achieved through our advanced solutions.
