WealthONE selects thirdstream's onboarding platform

"We are excited to partner with thirdstream to elevate our digital banking capabilities and bring an enhanced level of access and convenience to our customers," said Barry Ferguson, Chief Operating Officer at WealthONE. "With thirdstream's innovative technology platform, our new customers will enjoy a frictionless and superior account opening experience."

Thirdstream's platform empowers financial institutions to configure and optimize their application onboarding processes, ensuring regulatory compliance, superior identity verification and fraud mitigation, while delivering a personalized and user-centric experience. WealthONE's decision to deploy this platform underscores its commitment to staying at the [forefront of technological advancements in financial services](#).

Keith Ginter, CEO of thirdstream, expressed enthusiasm about the collaboration, stating, "Partnering with WealthONE is pivotal in our journey to be the leading provider of account opening services for all types of financial institutions. We look forward to delivering seamlessness from the moment consumers engage with WealthONE, through identity verification and application adjudication, through to fully funded accounts. Our engagement together showcases how our platform delivers retail account opening onboarding services in a secure and seamless manner for our financial institution clients."

The deployment of Retail Deposits Online with thirdstream's onboarding platform is slated to commence in Q1 2024, with WealthONE anticipating a significant positive impact on engagement, retention, and overall customer satisfaction. The move aligns with the bank's broader strategy to embrace digital innovation and solidify its position as a leader in the evolving landscape of modern banking.
