SOUTHAMPTON, NEW JERSEY, UNITED STATES, January 24, 2024

/EINPresswire.com/ -- Untangle a gripping conspiracy by searching for clues to expose the dark underside of the city with the release of SWDTech Games' new detective JRPG, Pixel Noir.

As a rookie detective, players investigate the strange happenings & curious cases of Pinnacle City. Gamers can indulge their noir impulses as they put the screws to prime suspects, fight through a gangland turf war, and maybe even get double-crossed by a mysterious woman from the past.

“

We designed the game around the premise of what a SNES JRPG based in Midgar would look like with a gritty, noir twist, and we can't wait for players to experience the story and world we've built.”

*Kunal Majmudar, Co-Founder of SWDTech Games*

"With the launch of Pixel Noir, we're taking our first step to deliver JRPGs tailored to adults while still honoring our roots from games like Chrono Trigger, Shadowrun, & Earthbound," explains SWDTech Games Co-Founder Kunal Majmudar. "We designed the game around the premise of 'what a SNES JRPG based in Midgar would look like with a gritty, noir twist, and we can't wait for players to experience the story and world we've built.'"
