

# POWR2 Announces the First UL/CSA Certified POWRBANK – The POWRBANK XPRO Plus

*POWR2 is proud to announce the upcoming availability of the UL Listed and CSA certified BESS (battery energy storage system) – the POWRBANK XPRO Plus.*

BETHEL, CT, UNITED STATES, January 25, 2024 /EINPresswire.com/ -- POWR2, a global leader in sustainable mobile power solutions, is proud to announce the upcoming availability of the revolutionary, UL Listed and [CSA certified BESS](#) (battery energy storage system) – the POWRBANK XPRO Plus.

The POWRBANK XPRO Plus exemplifies POWR2's dedication to cutting-edge solutions. These UL Listed and CSA certified BESS are not only portable but can also run in parallel and support DC charging all while maintaining the same compact footprint. This innovative technology not only addresses the environmental impact of temporary power but also supports companies in achieving their profitability goals and meeting regulatory requirements.

POWR2 has been a driving force in transforming temporary power solutions, catering to industries such as equipment rental, construction, events, and film/TV across more than 16 countries. With a commitment to reducing CO2 emissions in temporary power applications, POWR2 has consistently pushed the boundaries of [mobile battery energy storage system \(BESS\)](#) technology.

One of POWR2's distinguishing features is its collaborative approach with clients. The company
