

# SVI Industrial Rebrands as SVI BREMCO

---

*SVI Industrial Rebrands as SVI BREMCO*

PINEVILLE, NORTH CAROLINA, USA, January 29, 2024 /EINPresswire.com/ -- SVI Industrial, a leading provider of industrial maintenance and support services, is announcing a rebranding as

[SVI BREMCO](#). This change reflects their commitment to offering comprehensive turnkey solutions to help industrial plants run smoothly and efficiently.

SVI BREMCO represents our commitment to being a partner you can rely on to keep your industrial plant running smoothly.”

*Scott Schreeg*

As SVI BREMCO, they will continue a legacy of providing high-quality services, but with a broader range of offerings and an even stronger dedication to meeting customers' needs during outage season and beyond.

## What's New at SVI BREMCO:

1. **Expanded Products and Services:** SVI BREMCO now has all the synergies under one roof to help support inspection, analysis, engineering, equipment supply and field construction specifically for gas turbine power generation applications including intakes, exhaust systems and heat recovery steam generators (HRSG's).
2. **Turnkey Solutions:** a one-stop shop for all industrial plant needs. From routine maintenance to complex overhauls and upgrades, SVI BREMCO provides turnkey solutions that reduce downtime and boost productivity.

## What Remains Unchanged:

1. **Trusted Experts:** their team of skilled professionals remains unchanged. The same trusted people companies have come to rely on for expertise and dedication will now be able to offer an even broader array of services under the SVI BREMCO name.
2. **Customer-Centric Approach:** At SVI BREMCO, customer satisfaction remains the top priority. They work closely with to understand unique requirements and tailor solutions.

Scott Schreeg, Director of Sales of SVI BREMCO, expressed his enthusiasm about the rebranding, saying, "This rebranding is a significant step forward for our company. SVI BREMCO represents our commitment to being a partner you can rely on to keep your industrial plant running

smoothly. We're excited to offer an expanded range of products and services and demonstrate our dedication to providing turnkey solutions."

SVI BREMCO will maintain its headquarters in Pineville, NC, and will continue serving customers across various industries, including power generation, pulp and paper, petrochemical, manufacturing, and more.

For more information about SVI BREMCO and its comprehensive industrial solutions, please visit the newly updated website at <https://svi-bremco.com>.

About SVI BREMCO:

SVI BREMCO represents one brand for a family of privately owned companies. The legacy company Southeast Valve, Inc (SVI) has been in business since 1993 offering valve services. In 2017 SVI diversified adding SVI DYNAMICS, a division supporting engineered noise control and gas path solutions. SVI also developed a division to support Industrial Masonry outage work for brick and tile applications in this timeframe. Then due to customer requests to support field construction for gas path equipment, SVI acquired BREMCO, Inc. to be able to self-perform retrofits. Bremco has been a leading boiler/HRSG outage contractor since the 1970's now providing SVI BREMCO the synergies needed to support turnkey engineered outage work at industrial sites, particularly gas power generation sites (simple and combined cycles).

With a dedicated team of experts and an expanded range of services, SVI BREMCO is committed to helping industrial plants run smoothly and efficiently. They specialize in turnkey solutions tailored to each customer's unique needs, ensuring minimal downtime and maximum productivity.
