BOSTON , MASSACHUSETTS , USA,
January 31, 2024 /EINPresswire.com/ --

According to the Massachusetts Mesothelioma Victims Center, "If your husband or dad worked was a construction or demolition worker in Massachusetts and he has now been diagnosed with mesothelioma-please do not undervalue the potential for significant compensation. In some instances, workers like this might have had as much exposure to asbestos as a shipyard worker. If your husband or dad is a current or former construction worker with recently diagnosed mesothelioma in Massachusetts, please call attorney Joe Belluck of Belluck & Fox at 866-714-6466. Joe Belluck is one of the nation's leading mesothelioma attorneys and he gets superior compensation results for his clients.

"Unfortunately, construction or demolition workers with mesothelioma frequently do not realize how much exposure to asbestos they were exposed to. If they were working in construction or demolition before 1983-their exposure to asbestos might have been a daily occurrence. If a person like this in Massachusetts with mesothelioma would call attorney Joe Belluck of Belluck & Fox at 866-714-6466 we are certain at a minimum, he will be able to explain how the compensation process works and what the compensation claim might be worth. Please make this call." <https://www.belluckfox.com>. Com

The Massachusetts Mesothelioma Victims Center is also appealing to a Navy Veteran or worker who had significant exposure to asbestos before 1983 and who now has lung cancer anywhere in Massachusetts to please call them anytime at 866-714-6466 about compensation. A compensation settlement for a person like this might be hundreds of thousands of dollars, and for Veterans there might also be VA Benefits.
