

NetCom BW Announces Cooperation with ConnectiviTree

NetCom BW ConnectiviTree Cooperation

RUGGELL, LIECHTENSTEIN, January 29, 2024 /EINPresswire.com/ -- Ellwangen, Germany and Ruggell, Liechtenstein – [NetCom](#) BW GmbH (“NetCom BW”) and [ConnectiviTree](#) (Europe) AG

(“ConnectiviTree”) have announced a new cooperation agreement that will benefit both companies and their customers. Under this agreement,

ConnectiviTree will provide support to NetCom BW in generating revenue through access to its planned ConnectiviTree pan-European network and their ConnectiviTree Global Alliance Network. This will allow NetCom BW to offer high-speed optical transmission services globally to its service provider partners and large enterprise customers. In return, members of the ConnectiviTree Global Alliance will gain access to the entire NetCom BW network.

NetCom BW is a leading digital solutions provider in Baden Wuerttemberg (Germany) that is dedicated to shaping the digital future. The company offers state-of-the-art fiber optics technology and intelligent solutions for internet access, networking, telephony, datacenter and cloud solutions, and IT security. With NetCom BW’s state-of-the-art broadband fiber optic network and certified data centers, enterprise connections run smoothly and data remains highly available at all times.

“We are excited to cooperate with ConnectiviTree and become a part of its innovative Global Alliance partner network. Their pan-European product offering and network will enhance our premium services to our customers, providing them with new routes, options, and features that are not currently available,” said Katja-Seum Weltin, Division Manager B2B Enterprise of NetCom BW GmbH.

The addition of NetCom BW to the ConnectiviTree Global Alliance is a significant step for both companies. It expands ConnectiviTree’s reach and functionality to South-Germany and provides increased benefits to NetCom BW customers.

ConnectiviTree's Co-Founder & CCO, Eugen Gebhard, stated: "This fits very well into our network expansion and further leverages our planned pan-European core network build in support of our European customer sales channel base."

About NetCom BW GmbH

Founded in 2014, NetCom BW is a group company of EnBW Energie Baden-Württemberg AG. The company offers innovative services in data communication, location networking, telephony, and services, making it a recognized player in the domestic telecommunications and IT market. NetCom BW serves a wide range of customers, including private households, industrial and commercial companies, and municipal institutions. With a fiber optic network spanning approximately 21,700 kilometers, NetCom BW has one of the largest and most advanced fiber optic networks in Baden-Württemberg.

About ConnectiviTree

ConnectiviTree is developing a wholesale Connectivity-as-a-Service offer to serve B2B carriers to better address their multi-national enterprise client's needs. CTree will be the first neutral long-haul connectivity provider with a pan-European network (CTree RootNet) and global presence via the ConnectiviTree Global Alliance, enabled through the ecosystem platform CTree Plaza, a one-stop interface allowing for self-service, on demand and zero touch service management. The ConnectiviTree network is designed to provide redundant routed data transport services with capacities of up to 200 terabits between major cities and to connect over 250 Points of Presence within Europe and beyond.
