

ZUCI SYSTEMS ACHIEVES ISO 27001 CERTIFICATION, PROMOTING INFORMATION SECURITY STANDARDS IN IT SERVICES

DALLAS, TEXAS, UNITED STATES, January 30, 2024 /EINPresswire.com/ -- [Zuci Systems](#), a digital consulting and solutions firm, proudly announces the successful implementation of the ISO 27001 standard, underscoring its commitment to information security. This milestone marks Zuci's capability to drive risk management, fortify cyber-resilience, and foster operational excellence in line with industry standards.

By embracing the ISO 27001 framework, Zuci Systems has implemented a systematic approach to identify, assess, and manage information security risks. This proactive stance enhances the organization's ability to implement a robust information security management system, thereby minimizing the impact on both the company and its clients.

Zuci Systems CEO Vasudevan Swaminathan said, "With ISO 27001 certification, we have streamlined our internal processes and procedures, leading to a more secure and resilient business environment. We have distinguished our organization and positioned ourselves as a reliable and secure partner for our clients."

"Zuci places a high priority on ensuring the security of data and information for both the organization and its clients. The ISO 27001 certification reflects Zuci Systems' commitment to

providing clients with the highest level of data protection. It also provides third-party affirmation to clients about the implementation of security practices and controls in line with industry standards.” said, Kalpana Sudharsan, Vice President, Quality Assurance.

Zuci Systems’ Information Security Management System respects all the best practices and principles outlined in the ISO 27001 standard. This achievement further solidifies the organization’s position as a trusted industry leader, distinguishing the organization in the market.
