"I am so excited to be one of the first offices in the Lubbock area to bring the PicoWay® system to my patients. I have to say the PicoWay® is a major step forward in treating skin imperfections," said NP Fa-Tia Johnson. "As soon as this device became available, I knew I had to have it for our office," she added.

The PicoWay® laser treatment stimulates collagen at a deeper level by utilizing three distinct energy wavelengths to address specific skin concerns. This is in contrast to an IPL treatment which employs a wider range of wavelengths. While IPL can be effective in certain cases, it may not be as safe for darker skin types and does not stimulate collagen in the same manner.

The mission at Glo & Sparkle is simple. To provide great quality care personalized to each individual that will ultimately enhance their health, wellness, and natural beauty. Using award-winning and scientifically proven products and devices, along with individualized consultations, we strive to provide both wellness education and high-quality services that best fit your individualized needs. By providing the top-quality aesthetic and medical spa experience, we know you will have a memorable and rejuvenating experience at our Medical Spa, consistent with our "Feel Great, Look Great, Live Great" motto!

Working in multiple specialties in the healthcare realm, we realized that one of the main reasons people experienced healthcare-related issues was their poor diet and lack of exercise.

Furthermore, natural processes, including aging, weight changes, and giving birth, as well as busy lifestyles for professional people or those in school or training, all combine to make it hard for one to maintain a healthy and rejuvenated lifestyle. The resulting changes in one's body can inadvertently cause insecurities. We felt we could help solve some of these issues people face by using our medical expertise, top-notch technology, products, and services, all in one place. We focus on wellness, beauty enhancement, restoration, and reversal of unwanted changes in the body, all while helping people maintain their busy lifestyles. That is why we opened Glo & Sparkle Aesthetics and Medical Spa.

At Glo & Sparkle, people can feel comfortable expressing their concerns about their health and body, not feel judged, and receive compassionate and quality care. We believe in treating everyone with kindness and respect, regardless of race, ethnicity, or socioeconomic status. Everyone deserves to Feel Great, Look Great, Live Great!
