TUCSON, ARIZONA, UNITED STATES, February 1, 2024 /EINPresswire.com/ -- [Temporary Tattoos](#), a leading designer and manufacturer of temporary tattoos, has announced the launch of both low quantity custom tattoo options and custom semi-permanent tattoos.

The new low quantity options allow customers to order as few as 1 custom temporary tattoo, down from the previous minimum order quantity of 200. This makes their custom products more accessible to individual customers and organizations ordering small batches.

Additionally, Temporary Tattoos is introducing the [custom option for INKFINITY™ tattoos](#), enabling customers to design their own unique, semi-permanent tattoo artwork.

[INKFINITY™ tattoos](#) redefine realism and longevity for temporary body art. These innovative semi-permanent tattoos last up to 2 weeks, bridging the gap between temporary tattoos and permanent ones.

Made with plant-based, skin-safe ingredients, INKFINITY™ tattoos provide a comfortable, realistic tattoo experience. The proprietary formula and manufacturing process allows each tattoo to adhere securely to skin while fading gracefully over time without causing irritation.
