

# Business Central 2024 : Mobile Barcode Integration with WMS Express

*Integrate mobile barcode scanning into Business Central 2024 with WMS Express, a free app that boosts SMBs' warehouse efficiency and inventory management.*

EDMONTON, ALBERTA, CANADA, February 5, 2024

/EINPresswire.com/ -- Mobile Barcode Integration in Business Central 2024 by [WMS Express](#).

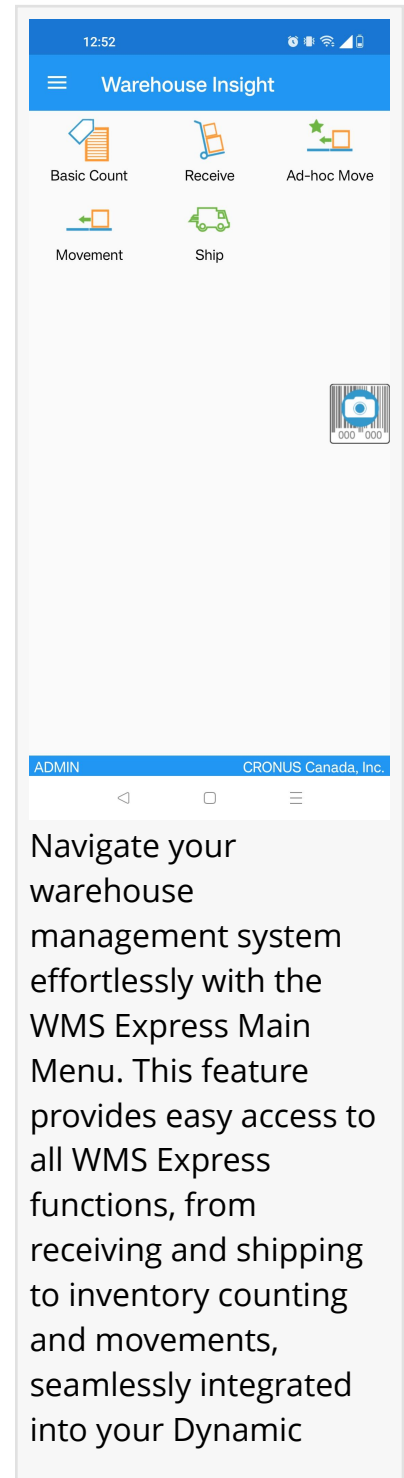

[Insight Works](#) eagerly enhances the Dynamics 365 Business Central 2024 Release Wave 1 experience for SMBs in manufacturing and distribution by integrating advanced mobile device barcode scanning. As Microsoft further refines and broadens the capabilities of Business Central, WMS Express enables businesses to harness mobile technology, maximizing warehouse efficiency and productivity.

WMS Express is a free app for Business Central that enables SMBs to use mobile devices to scan barcodes to manage inventory and warehouse operations.

## Key Enhancements and Synergies:

- **Global Accessibility and Scalability:** With Business Central expanding its reach to over 155 countries and regions, WMS Express establishes itself as a universally applicable warehouse management solution. It empowers SMBs everywhere to integrate mobile barcode scanning seamlessly with Business Central, improving inventory management and operational processes.

- **Mobile Device Integration for Barcode Scanning:** Insight Works enhances Business Central's functionality by enabling SMBs to gain additional value through mobile device integration for barcode scanning. This integration allows real-time inventory tracking, reduces errors, and speeds up warehouse operations. WMS Express

makes WMS Express essential for businesses looking to optimize their supply chain and warehouse management practices.

- Adaptability and User-Friendly Configuration: WMS Express aligns with Business Central's focus on simplicity and ease of configuration. Insight Works has engineered WMS Express for rapid deployment and user-friendly setup, ensuring that SMBs can quickly implement warehouse management features without requiring extensive technical knowledge.

### Leverage Mobile Technology with WMS Express

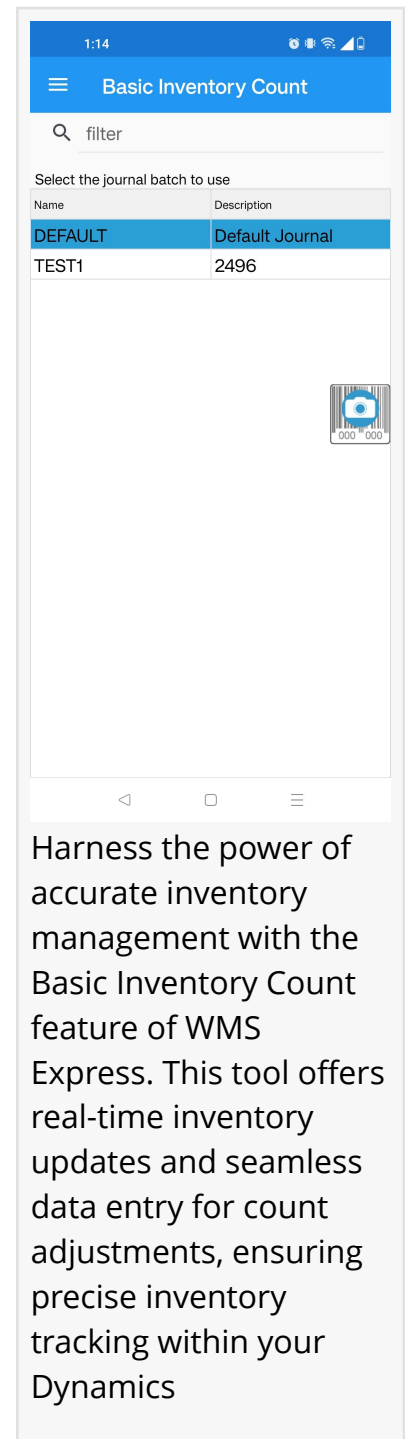

In the fast-paced environment of SMBs, maintaining a competitive edge demands tools that evolve with technological advancements and broaden essential functionalities. WMS Express by Insight Works meets this need by integrating mobile barcode scanning with Dynamics 365 Business Central, providing a seamless, efficient, and error-minimizing warehouse management solution.
