10ZiG, a leading hardware and software provider for DaaS, SaaS, VDI, and WebApps deep dives into the mobile Thin Client market with feature-enhanced 7500qTAA laptop at NerdioCon 2024.

features, Plus a USB-C 3.2 Gen1 (DP Alt + PD) port. This allows increased connectivity options, by adding support for a monitor and power via it's USB-C port and diving deeper into Thin Client laptop support.

Built for VDI and DaaS on-the-move, the 10ZiG 7500qTAA Series is a mobile, TAA Compliant, Thin & Zero Client laptop endpoint with anti-glare display, full-size keyboard and numeric pad, high-definition audio with built-in mic and two speakers, and an HD video camera. The 7500qTAA is a key device strategy for today's audio and video communications demands with remote or hybrid work setups, even where resources are deployed and stationed across the country and world.

The new Series is Supportive of VMware, Citrix, Microsoft, Amazon WorkSpaces, HP, Dizzion Frame, Parallels, Liquidware, Controlup, MS Teams, Zoom, Cisco Webex, 90Meter, etc., and is also Forcepoint Certified. Equipped with FREE centralized management via the 10ZiG Manager™, cloud-enabled with unlimited user licenses, covered by an Annual Warranty, Pre-and-Post Sales Support, Technical Hardware & Software Support all in one, and Firmware Upgrades – it's all part of 10ZiG's offering that earns our "one-stop desktop shop" status.

Tom Dodds, 10ZiG Global Strategic Alliances & Events Manager, "We've got a full lineup of activities planned at NerdioCon, from giveaways to bar-hosting to 10ZiG booth demos and exclusives with our Tech Partner network. 10ZiG is constantly adapting to the changing EUC market and well-positioned to assist with DaaS, SaaS, VDI & Web App environments, offering a single-vendor endpoint strategy that covers a wide-range of versatile hardware endpoints, free repurposing software, and free management. We look forward to connecting at the show!"
