Executive Officer of the DCRO Institute. "His work in risk management in the reinsurance world requires keen skills, especially in working with board members and key executives. The knowledge gained in our program will make him even more effective in his work."

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, C-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

“The DCRO Institute has done a wonderful job combining world-class lectures with in-depth course materials that span existing and emerging topics. I would strongly encourage the course to other Chief Risk Officers,” said Mr. Morash.

The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
