

INTELLIGENT AUTOMATION CONFERENCE: A NEW ADDITION TO TECHEX EVENT SERIES

SANTA CLARA, CA, UNITED STATES, February 5, 2024 /EINPresswire.com/ -- The upcoming co-located TechEx event series, featuring the [Intelligent Automation Conference](#), is scheduled to take place on June 5-6, 2024, in Santa Clara, California. Hosted in the heart of Silicon Valley, the event provides a conducive environment for meaningful engagement and collaboration. For those looking to stay informed about industry advancements or actively contribute to its evolution, the TechEx event in Santa Clara offers a platform to connect with the latest in Intelligent Automation.

The banner features a dark blue background with a photograph of a panel discussion. Text on the banner includes: 'INTELLIGENT AUTOMATION NORTH AMERICA' in purple and white, 'REGISTER HERE' in white on a purple button, and '5-6 June 2024 Santa Clara Convention Center, CA' in white. A 'DATE' label is visible in the top right corner.

Register to Intelligent Automation Conference North America

The Intelligent Automation Conference North America will delve into essential topics such as:

“

The incorporation of this co-located event into our series reflects the ever-expanding significance of Intelligent Automation in today's technology landscape.”

Sophy Searight, Head of the Conference team at TechEx

Cognitive Automation, RPA, Augmented Workforce, Data and Analysis, Future Trends, Cost Saving Use Cases and more.

“Following the success of the Intelligent Automaton stage in London, we are delighted to unveil the Intelligent Automation Conference as a regular part of the TechEx Event series. This addition reinforces our commitment to providing a holistic platform for discourse and insights across key technology domains.” stated Sophy Searight,

Head of the Conference team at TechEx. “The incorporation of this co-located event into our series reflects the ever-expanding significance of Intelligent Automation in today's technology landscape.”

Key Highlights of the Intelligent Automation Conference:

Attendees will enjoy access to the Intelligent Automation Conference, the expo floor, and free tracks from collocated events, providing a well-rounded experience for technology enthusiasts. The expo is tailored specifically for B2B engagement, targeting directors and senior managers as its primary audience. This exclusive event provides attendees with the opportunity to delve into cutting-edge technologies, forge connections with key industry figures, and remain at the forefront of innovation.

What's more, as a collocated event, the Intelligent Automation Conference will converge with the TechEx event series, offering attendees a unique opportunity to immerse themselves in the world of Intelligent Automation alongside other cutting-edge technology domains including Cyber Security & Cloud, AI & Big Data, IoT, Unified Communications, Digital Transformations and Edge Computing.

Who Attends:

The Intelligent Automation Conference aims to attract a distinguished audience of senior-level professionals, including Senior Intelligent Automation Engineers, Lead Automation Architects, Senior Managers of Automation Technology, Advanced AI Integration Specialists, Strategic Automation Solutions Directors, Senior Robotics Process Automation Developers, IT Executives, Intelligent Process Automation Strategists, Automation Analysts with senior expertise, and Directors actively involved in the innovation, implementation, and strategic leadership of intelligent automation initiatives.
