BERLIN, DEUTSCHLAND, February 5, 2024 /EINPresswire.com/ -- In response to the increasing number of fatal traffic accidents due to poor visibility for bykes and motorcyclists, progressive [German fashion designer Torsten Amft](#) presents his innovative, high-quality, luminous trend clothing collection for autumn-winter 2024/25 at Berlin Fashion Week. The slogan of this trend show is "Dark Dangerous City". International fashion models will ride the catwalk on bicycles and motorcycles. His fashion is intended to contribute to improving road safety. [Amft therefore spent years](#) researching fluorescent and phosphorescent materials. The graffiti or sprayer art style is intended to inspire young people and modern cyclists and motorcyclists to wear.
