

2024 Global Dust Safety Conference Announces Keynote Speakers, Full Event Schedule

Dust Safety Science is excited to announce keynote speakers for the 4th Annual Global Dust Safety Conference, taking place online February 21-23, 2024.

LONDON, ONTARIO, CANADA, February 8, 2024 /EINPresswire.com/ -- [Dust Safety Science](#), a leading advocate for [combustible dust](#) safety, is proud to announce the keynote speakers for the 4th annual [Global Dust Safety Conference](#), a virtual event designed to address critical issues surrounding dust fire and explosion safety. The conference will take place February 21-23, 2024.

This year's speakers represent a diverse range of policymakers, thought leaders, and regulatory officials from the field of dust safety.

Topics include:

"Combustible Dust National Emphasis Program (NEP) results and lessons learned from recent inspections"

Presented by: Liliana Silvera, Chemical Process Safety Engineer - OSHA Office of Chemical Process Safety and Enforcement Initiative.

"Review, lessons learned, and recommendations from the CSB investigation of the 2017 fatal combustible dust explosion at Didion Milling Inc.,"

Presented by: Cruz Redman, P.E., CSP, Chemical Incident Investigator - U.S. Chemical Safety and Hazard Investigation Board (CSB).

GLOBAL DUST SAFETY CONFERENCE 2024
