

# EGR USA Adds Innovative VSL LED Lights for Jeep Wrangler & Gladiator to Their Product Lineup

*EGR USA proudly announces the release of its groundbreaking EGR VSL LED lights designed specifically for the Jeep Wrangler and Gladiator.*

ONTARIO, CALIFORNIA, UNITED STATES, February 6, 2024 /EINPresswire.com/ -- [EGR USA](#), a premier manufacturer of automotive accessories and tonneau covers, proudly announces the release of its groundbreaking EGR VSL (Vehicle Side Lighting) LED lights designed specifically for the Jeep Wrangler (JK & JL) and Gladiator. This cutting-edge innovation caters to the diverse needs of both on-road drivers and off-road enthusiasts, providing a seamless integration of style and functionality. EGR VSL Lights are a perfect solution when you're off-road and need more peripheral illumination around your vehicle.

EGR VSL LED Light Output

## Key Features:

**Bolt-On Design:** Engineered with a bolt-on design, the EGR [VSL LED lights](#) offer easy installation without additional brackets. This ensures a factory-like appearance that seamlessly integrates into the Jeep, providing custom flush mounted LED side lights.

**Dual-Functionality:** These LED lights feature dual functionality to enhance both off-road adventures and daily driving. When off-roading, the lights serve as side/rock lighting, significantly improving visibility in dark conditions. In daily travels, the VSL Jeep lights act as a supplement to the turn-signal, increasing safety and awareness with a custom look.

Premium Construction: The lights boast a robust construction with features including:

- Mount made from polyurethane
- All aluminum UV resistant powder-coated light housing
- Impact and scratch-resistant Lexan lens
- Advanced Features:
  - 50,000 plus hour lifespan
  - 12-14 VDC range
  - 165-degree flood beam pattern
  - 6500k cool white light output
  - Integrated turn signal feature
  - Integrated thermal management system
- RoHS compliant
- Patent pending
