ANY.RUN Elevates Cybersecurity Threat Hunting with Threat Intelligence Lookup

DUBAI, UNITED ARAB EMIRATES, February 7, 2024 /EINPresswire.com/ -- ANY.RUN, a leading provider of cybersecurity solutions, has launched a significant expansion of its threat hunting capabilities with the release of Threat Intelligence Lookup.

Threat Intelligence Lookup provides an optimized solution for companies looking to strengthen their defences against cyber threats. By combining millions of Indicators of Compromise (IOCs) extracted from ANY.RUN's extensive database of interactive malware analysis sessions, the platform offers a comprehensive view of persistent and emerging threats.
