

Deeper Signals announces two milestones in data security and privacy: SOC 2 Type 2 re-attestation and GDPR compliance

These achievements are a testament to the relentless pursuit of excellence in protecting customer information and ensuring trust in Deeper Signals.

NEW YORK, NEW YORK, UNITED STATES OF AMERICA, February 8, 2024 /EINPresswire.com/ -- Deeper Signals, a leading provider of personality assessments and feedback tools for coaches and enterprises, is proud to announce today that it has achieved SOC 2 Type 2 re-attestation and GDPR compliance after a rigorous, external audit.

In a time where safeguarding data privacy and security are paramount, the Deeper Signals team is thrilled by this significant achievement — underscoring its ongoing investment in providing their customers with a secure and private environment.

“Achieving this official compliance and attestation is a proven point of Deeper Signals’ ethos of continuous improvement and unwavering commitment to building a secure and private platform for our clients. As we advance, our focus remains on exceeding industry standards and providing our customers with the tools to effectively identify and develop their talent, knowing their data is in safe hands,” explains Dr. Reece Akhtar, CEO and Co-founder of Deeper Signals.

Continuous Commitment and Development

SOC 2 Type 2 attestation is achieved through a meticulous ongoing audit by a third party, demonstrating Deeper Signals’ use of best in class practices to build a safe and secure [product](#). This widely recognized security framework and compliance standard developed by the American Institute of Certified Public Accountants (AICPA), evaluates continued compliance with five critical

The Deeper Signals Platform is a turnkey solution for coaches and enterprise users seeking scientifically-validated tools for assessments, recruitment and more.

factors in mind: security, availability, processing integrity, confidentiality, and privacy.

“By prioritizing continuity in our compliance efforts, we demonstrate our steadfast dedication to maintaining the highest standards of security and privacy practices. Our ongoing investment in compliance reflects our dedication to safeguarding customer trust and ensuring the continuity of our commitment to data protection,” describes Marko Bilandžić, Head of Data Security at Deeper Signals.
