

DatamanUSA Earns ISO 27001:2022 Certification, Reinforcing Commitment to Information Security Excellence

DENVER, COLORADO, UNITED STATES, February 13, 2024 /EINPresswire.com/ -- DatamanUSA is proud to announce that it has achieved the ISO 27001:2022 certification, demonstrating its unwavering commitment to maintaining the highest standards in information security. This certification is a testament to Dataman's position as a trusted partner for clients seeking robust and secure data management services.

ISO 27001:2022 is the latest international standard for Information Security Management Systems (ISMS), which systematically manages sensitive company information and ensures its confidentiality, integrity, and availability. By obtaining ISO 27001:2022 certification, Dataman demonstrates its commitment to safeguarding client data, mitigating risks, and upholding the highest information security standards.

Dataman was audited by INTERCEPT and was presented with the certificate on December 01, 2023. Ms. Nidhi Saxena, President and CEO of DatamanUSA, said, "Dataman's commitment to maintaining the highest levels of information security is reflected in the achievement of ISO/IEC 27001:2022 certification. As cyber threats evolve, we are fully prepared to protect our clients' sensitive information and ensure their data is secure. It further solidifies our position as a reliable partner in the ever-evolving landscape of data management."

The ISO 27001:2022 certification offers numerous advantages to Dataman and its clients. Some
