

The Nordlys™ Light & Bright™ Treatment Now Available at Oasis MD

Oasis MD is one of the first offices in Vancouver with this innovative treatment technology

VANCOUVER, BC, CANADA, February 9, 2024 /EINPresswire.com/ -- [Dr. Selina Li](#) is proud to announce that [Oasis MD](#) now offers the revolutionary [Nordlys](#) system from Candela. The Nordlys system was named the 2022 Aesthetic Awards Device of the Year and has been featured on the Today Show on NBC. Oasis MD is one of the first clinics in Vancouver to incorporate this system into its state-of-the-art practice.

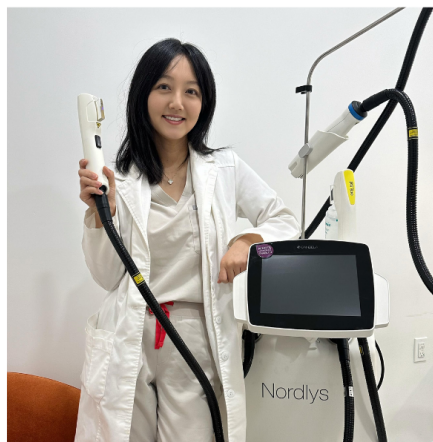

One of the popular treatments on the Nordlys system is the Light & Bright treatment. Light and Bright is an exciting treatment that both rejuvenates and resurfaces skin to improve redness, dark spots, textural irregularities, and spider veins. It uses a combination of intense pulsed light (IPL) and a non-ablative fractional laser to improve redness and dark spots, resurface the skin, and stimulate the body's own natural collagen production for bright, glowing skin. The treatment is backed by clinical studies.

“

I am so excited to be one of the first in the Vancouver area to bring the Nordlys system to our patients.”

Dr. Selina Li

During a Nordlys Light & Bright treatment, the device delivers energy into the deeper layers of the skin. The skin cells absorb this light and transform it into heat energy to eliminate unwanted pigment. Light & Bright treatment for skin rejuvenation is an excellent option to renew skin and reduce signs of aging.

The Nordlys™ Light & Bright™ Treatment Now Available at Oasis MD

"I am so excited to be one of the first in the Vancouver area to bring the Nordlys system to our patients. The Nordlys device is a major step forward in IPL technology," said Dr. Selina Li, Skin Care Director at Oasis MD. The Nordlys system is more targeted and comfortable than other broadband light (BBL) treatment options. And, because of its gentle treatment approach, more than one treatment type can be done in a single session. "I know our patients will enjoy the proven results and greater comfort offered by the Nordlys system." Dr. Li said.
