

THE DOLDRUMS film: Random Media Announces the Worldwide Debut of a NOT-Coming-Of-Age Story THE DOLDRUMS

LOS ANGELES, CA, USA, February 9, 2024
/EINPresswire.com/ -- Random Media Announces the Worldwide Debut of A NOT-Coming-Of-Age Story

THE DOLDRUMS

[Film](#) Streaming and DVD Release Debuts Begins
February 20, 2024

Indie film leader Random Media and Pindorama Pictures debuts the streaming release of the poignant and relatable millennial angst drama THE DOLDRUMS, to streaming and DVD, beginning February 20, 2024. A not so coming-of-age story, it follows three high school friends whose friendship changes as the oldest, Alec, departs for college, leaving his two friends, Matt and Cole, behind. Structured in six vignettes, it presents Alec's biannual visits back to his hometown during breaks, where he finds that despite all of them growing older, his friends seem to be stagnating with deepening reliance on drugs and alcohol as their primary source of fun. Loosely based on director Leo Nussenzweig's own life, this story of "the post high school slump" traces the evolution of the characters as the friendship dissolves and one sinks deeper into degeneracy forcing him to

confront alcoholism, drug abuse and even murder, as part of his journey to early adulthood. A work of fiction, THE DOLDRUMS is a dramatization a very real phenomenon of people who just can't seem to leave "the good old days."
