

# Sunergy Systems Contributed to Numerous Non-Profits in 2023

*Providing 9.0% of profits to organizations in need through sponsorships and donations*

SEATTLE, WA, UNITED STATES, February 9, 2024 /EINPresswire.com/ -- [Sunergy Systems, an employee-owned company](#), once again provided thousands of dollars to organizations and institutions in Washington, and elsewhere.

Throughout 2023 the employees of Sunergy Systems selected non-profits that the company and the individuals contributed to on a quarterly basis. Over \$56,000, or 9% of the company's profit was distributed to 15 charitable institutions, including some supporting the solar industry in Washington and solar for those in developing countries, and others in support of recovery from the Lahaina, Maui fires.

The list is as follows:

End of Life WA link  
Sound Experience link  
Planned Parenthood link  
Maui Food Bank link  
Hawaii Community Foundation link

All of the non-profits have expressed their appreciation. Here are some samples:

Your generous donation is going to make a massive difference for our Apprentices. Since the opening of our Training Center, they have been sleeping on travel air-mats on the floor. We are going to use part of it to buy bunk beds and mattresses for the 2 dorm rooms!

— Kevin Keene, Founder, President, Brighten Haiti

As a small non-profit organization finding operating funding is much more challenging than funding solar projects. Your team's contribution will go a long way!

— Mason Rolph, President, Olympia Community Solar

“We are so proud of our staff for their dedication to giving back” stated Howard Lamb, Founder of Sunergy Systems. “They are passionately involved in directing the company’s charitable giving and contribute on their own through profit sharing!”

As an Employee-Owned Corporation, the company works hard every day to maintain their goals of supporting their community and beyond while becoming established as one of the most well-respected and experienced solar providers in the Pacific Northwest. Sunergy Systems continues to attract the best solar professionals in the industry who take great pride in their work and consistently support the company culture of integrity, quality, and impeccable customer service. This [award-winning residential dealer is a full-service solar company](#), handling the solar energy process for customers including system design, permitting, installation, and backup storage.
