The right-hand drive CEO by Autogroup International

With over three decades of expertise in vehicle design, engineering, transformation, and manufacturing, the right-hand drive 2024 'CEO' Yukon Denali is set to revolutionize the luxury SUV market. Designed for Heads of state, dignitaries, celebrities, royal families, and senior business leaders and available in over sixty right-hand drive countries worldwide.

“

The right-hand drive CEO Yukon Denali is the ultimate and most luxurious private jet style rear cabin SUV available in any right-hand drive country worldwide.”

Rob Hill - CEO

The right-hand drive 2024 'CEO' Yukon Denali XL is the ultimate combination of luxury and functionality. By removing the existing middle and rear seats and transforming the rear cabin the bespoke interior is designed to provide the utmost comfort and convenience

for its passengers. The 4.5" raised roof allows for more headroom, while the Rolls Royce style starlight headliner adds a touch of elegance. The premium Maybach-style captain's chairs provide unparalleled comfort, and the sliding privacy partition with a 40" HD TV ensures privacy and entertainment on the go. The Sonos sound system completes the luxurious experience, making every ride a memorable one.

According to Autogroup International's CEO, the right hand drive 2024 'CEO' Yukon Denali XL is the result of years of research, development, and innovation. "We are excited to introduce the right-hand drive 2024 'CEO' Yukon Denali XL to the luxury, super premium market. This SUV is the best in the world and is a testament to our commitment to providing our customers with the ultimate in luxury and functionality. With our expertise and attention to detail, we have created a vehicle that exceeds all expectations and sets a new standard for right hand drive luxury SUVs."
